I.	Basis of the report					
1.	J					
	X the international application as originally filed.					
	the description, pages, as originally filed,					
	pages , filed with the demand,					
!	pages, received on with the letter of					
	the claims, pages, as originally filed,					
	pages , as amended (together with any statement) under Article 19,					
	pages , filed with the demand,					
 .	pages, received on with the letter of the drawings, pages, as originally filed,					
	pages, filed with the demand, pages, received on with the letter of					
	the sequence listing part of the description:					
	pages, as originally filed pages, filed with the demand					
	pages, received on with the letter of					
2.	With regard to the language, all the elements marked above were available or furnished to this Authority in the language in					
	which the international application was filed, unless otherwise indicated under this item.					
	These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)).					
1						
	the language of publication of the international application (under Rule 48.3(b)).					
	the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3).					
3.						
	preliminary examination was carried out on the basis of the sequence listing:					
	contained in the international application in written form.					
	filed together with the international application in computer readable form.					
	furnished subsequently to this Authority in written form.					
	furnished subsequently to this Authority in computer readable form.					
	The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished.					
	The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished					
4.	The amendments have resulted in the cancellation of:					
	the description, pages					
	the claims, Nos.					
	the drawings, sheets/fig.					
5.	This report has been established as if (some of) the amendments had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).**					
*						
**	** Any replacement sheet containing such amendments must be referred to under item 1 and annexed to this report					

V. Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement

1.	Statement
ь.	DIGITALITY

Novelty (N)	Claims 1-16		YES
	Claims		NO
Inventive step (IS)	Claims 1-16	• .	YES .
	Claims		NO
Industrial applicability (IA)	Claims 1-16		YES
	Claims		NO

2. Citations and explanations (Rule 70.7)

- D1: Ink Markup Language, W3C Working Draft, 6 August 2003
- D2: US 5,730,602 A (GIERHART et al), 24 March 1998
- D3: JP 09097311 A (MATSUSHITA ELECTRIC IND CO LTD), 8 April 1997

The above citations represent the closest available prior art. The features of the claims are not disclosed in these documents, or in any others published before the earliest priority date. The use of pen azimuth data to estimate the orientation of handwriting is seen to be novel and inventive.
